

The School of Mathematical Sciences Peoples' Choice Award

PRIZE RULES

Establishment

This Prize has been established by the School of Mathematical Sciences to recognise quality project presentation and extensive audience engagement at the annual 'Ingenuity' event in the area of Mathematical Sciences.

Value

The value of the Prize will be \$250 per year which will be divided equally between the recipients (if applicable), funded by the School of Mathematical Sciences.

Eligibility

The prize will be awarded annually by the University to a student from the School of Mathematical Sciences that presents their project at the annual 'Ingenuity' event.

Selection of Candidate

The Head of the School of Mathematical Sciences or nominee will award the prize to the student who receives the most votes by attendees as part of the People's Choice Competition, at the annual 'Ingenuity' event.

If there is no candidate of sufficient merit in a given year then the prize will not be awarded in that year.

If there is more than one candidate of equal merit, then the prize may be shared equally.

Variations

The University may vary the rules from time to time in a manner consistent with the original objectives of the prize.
