

The Ingenuity Social Impact Award

PRIZE RULES

Establishment

This Prize has been established by the Faculty of Engineering, Computer and Mathematical Sciences (ECMS) to recognise the significant social impact of a project at the annual 'Ingenuity' event.

Value

The value of the Prize will be \$1000.00 per year which will be divided equally between the recipients (if applicable), funded by the Faculty of ECMS.

Eligibility

The prize will be awarded annually by the University to eligible students that nominate themselves for the prize and present their project at the annual 'Ingenuity' event.

Selection of Candidate

The Executive Dean of the Faculty of ECMS or nominee will award the prize to the student or group of students who are deemed to deliver the project with the most significant social impact and the best project presentation of those nominated for this award at the time of judging, at the annual 'Ingenuity' event.

If there are no candidates of sufficient merit in a given year then the prize will not be awarded in that year.

If there is more than one group of candidates of equal merit, then the prize may be shared equally between the recipients in each group.

Variations

The University may vary the rules from time to time in a manner consistent with the original objectives of the prize.
